# A WORD ABOUT THE UNIVERSITY

Sir George Williams University developed out of the formal educational work of the Montreal Young Men's Christian Association, the first classes having been organized in 1873.

In 1929 the college programme was extended to first year work in Arts, Science, and Commerce. In 1934, the full four-year college programme in Arts, Science, and Commerce was announced. In 1936 members of the first graduating class were awarded the Bachelor's degree. From 1936 to 1971 (exclusive of the Fall's graduates) 13,774 men and women have received degrees from Sir George Williams University.

On March 11, 1948, the College was granted a special Charter by the Legislature of the Province of Quebec, "in order that the work which it is doing may be carried on more effectively and advantageously". This established the college as a body corporate and politic for the purposes: (a) to carry on and conduct a college or university within the Province of Quebec; and (b) to establish faculties – and to grant and issue degrees. An amendment to the Act of Incorporation, on December 18, 1959, changed its name to Sir George Williams University.

The Henry F. Hall Building of Sir George Williams University, on de Maisonneuve between Bishop and Mackay Streets, was officially opened on October 14, 1966. This building has helped to provide the space so urgently required for Sir George to do its share in meeting the increasing demands for continuing education.
